SUMMARY

I am Mahfujur Rahman, an IT Support & Technician from Bangladesh with 4+ years of hands-on experience supporting home users and small businesses. I have fixed and maintained 300+ computers, including hardware repair, Windows and Linux installation, virus removal, LAN/WLAN and router setup, and printer, scanner, and CCTV installation. I also provide fast remote support via TeamViewer and AnyDesk, and build WordPress websites. I speak Bengali and English fluently, and I am known for explaining technical problems in simple, easy words for customers. I am now looking for an entry-level IT Support / Helpdesk role in Ireland, and I am ready to relocate immediately.

WORK EXPERIENCE
